## THE NEWS OF THE WEEK. A Daily Resume of Important Happenings.

Louisville will have a horse show during the week of October 2. Prizes aggregating between \$30,000 and \$40,000 will be awarded.

Charles Stewart Bell, for more than fifty years superintendent of the Lexington cemetery, died at noon yesterday at the advanced age of eighty-two.

The resignation of William A. Day as assistant to the Attorney General of the United States and the appointment of Milton D. Purdy to succeed him were announced in Washington.

The Shelby County Fiscal Court has ordered that a vote be taken at the coming November election on the question of levying \$75,000 worth of bonds for the purpose of erecting a new courthouse at Shelbyville.

Citizens of Shelbyville and Shelby county have organized a colonization company for the purpose of settling a colony of Swiss people in that county. The capital stock is fixed at \$25,000, nearly half of which has been subscribed.

The Hurley tobacco growers of Fayette and Harrison counties at meeting held responded liberally to the call for aid of the Hurley Tobacco Growers' Association. It is the purpose of this organization to raise \$1,500,000, which sum will be used in fighting the tobacco trust.

Although there has been an increase in the number of deaths, the yellow fever situation in New Orleans is not considered as alarming. The various health authorities are co-operating perfectly. More stringent quarantine regulations have been established in nearby States, and the whole State of Tennessee has now quarantined.

The grand jury of Cumberland county after an investigation last nearly ten days has been unable to discover any evidence tending to show the actual murder of James Skinner, who was killed near Bucksville last May. There was, however, evidence that Oscar Keene was an accessory before the fact and an indictment to this effect was returned.

Bishop H. K. Hargrove is in a dying condition at his home in Nashville.

Great Britain will approve any peace terms that Japan may offer Russia and will not offer any advice to Tokyo until it is asked.

Five persons were killed and nine others seriously injured by lightning which struck in a crowd on the beach at Coney Island Sunday.

Another death among the men injured by the explosion on the Bennington was reported, bringing the death list up to sixty-three.

Prof. J. R. Demoss, principal of the school at East Hickman, was attacked by a crowd of negroes, who forced him, inflicting two severe wounds.

The Santa Fe's California special was wrecked by a broken axle at Lamont. One passenger was killed, four others were fatally injured and a score more were severely hurt.

The Japanese army on the island of Sakhalin dislodged the Russians from Itokoff, and in an engagement which followed over 200 Russians were killed and 500 were taken prisoners.

Secretary Wilson is expected at Sagamore Hill to discuss with the President the scandal in his department. It is said that the Secretary has no present intention of leaving the Cabinet.

A St. Petersburg paper prints a story that there is much discontent among the Russian reservists in Manchuria over the distress of their families owing to the failure of the authorities to properly provide for them.

The Russian Council of Ministers has approved an electoral system based on the general scheme of eliminating so far as possible class representation. Certain property qualifications have been injected into the system.

Jacob W. Mount, once a prosperous merchant of Williamson, Ky., committed suicide in San Diego Sunday. Despondency due to ill health was the cause. Before firing the fatal shot Mr. Mount placed all his property in his wife's name.

Twenty-seven new cases of yellow fever were reported in New Orleans Sunday. There were three deaths. Only four new cases were reported, and it is a source of encouragement that the spread of the disease is becoming slower and slower.

In reply to an appeal from the clergy of Oremburg not to conclude a shameful peace, Emperor Nicholas has issued a note in which he says the Russian people can rely on him and that he never will conclude a shameful peace or one unworthy of Russia.

Frederick W. Smith, grandson of the Prophet Joseph Smith, has started a propaganda seeking the reform of the Mormon Church. He has issued a circular appealing to the Mormons to abandon polygamy, commercialism and political interference.

Kentucky State Board of Health has decided that Kentucky has no need in fear yellow fever and has thrown open the doors to all refugees from the South. All the Southern railroads have been notified to use only fumigated cars that have not been in the fever zone.

After all hope for a reprieve was seemingly gone, Gov. Deneen, of Illinois, granted a stay of execution in the case of Johann Bloch, the condemned wife murderer. An attorney gave \$500 for the purpose of an appeal in the case, and the Governor, being assured of this over the long-distance telephone postponed the date of execution till August 25 so as to give time for the perfection of the appeal.

Registration for the public lands of the Flathead reservation began at Grand Junction, Idaho, and Vernal, Col. About 6,000 homesteads are to be distributed.

Archibald Stuart, of Cincinnati, says the Hurley tobacco growers of Kentucky Ohio and Indiana are subscribing liberally for the stock of the Hurley Tobacco Growers' Association.

H. F. Greene, member of the Civil Service Commission, who is in Kentucky looking into irregularities in Federal offices, said that it was peculiar that Democrats did not take Civil Service examinations.

Gov. Beckham has named as party members of the State Election Commission Charles H. McDowell, of Harrodsburg, as the member of the Democratic party, and A. H. Burman, of Richmond, as the member for the Republican party.

Secretary of Agriculture Wilson visited Oyster Bay and held a conference with President Roosevelt. After the conference he reiterated that he had no intention of resigning his office, but said he intended to thoroughly reorganize the department of Agriculture.

Baron Rosen, the Russian Ambassador, was a guest of President Roosevelt at Sagamore Hill. The object of the Baron's visit was to arrange for the informal presentation of M. Witte, the chief Russian plenipotentiary. This will take place at Sagamore Hill on Friday, when M. Witte and Baron Rosen will be the President's guests at luncheon.

The war party in St. Petersburg is jubilant in consequence of the Emperor's martial message to the clergy of Oremburg and the Imperial expression against a "shameful peace" has touched a responsive chord in many quarters. The merchants of Moscow have prepared a dispatch to Gen. Linvitch voting their opposition to a peace made on two serious conditions.

The health authorities at New Orleans believe that by the end of the week they will be able to estimate their grasp of the yellow fever situation and determine with approximate accuracy whether it can be exterminated before frost falls. While the situation appears to be substantially unchanged, there seems to be an increasing confidence among the health authorities of their ability to control the epidemic.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists.

Take Hall's Family Pills for constipation.

The New York World discusses at length the last bulletin issued by the Bureau of Labor, which shows that the living expenses of the average family during the years between 1890 and 1901 have increased from 25 to 50 percent. The World says there has been an extraordinary increase in wages and that the laborer works just as hard today for the same wages earned four years ago. No reason can be found for this state of things except that those who are permitted, under laws to control the markets. The World goes on to say that "we eat less food than we did a year ago. We eat chickens and game that was killed last year and beef that had been on ice for years. You may find in these cold storage houses barrels of frozen turkeys which were killed last Thanksgiving Day and which you may eat next November."

A Louisville man was told by the family physician that his wife had a throat trouble and that she must talk as little as possible. The doctor then asked the doctor if there was any hope of it becoming chronic.

The seventeen-year locusts have made their appearance at several places in Eastern Kentucky, but not in large numbers. Many contend that this is merely the advance guard, and that next year they will get in their destructive work.—C. J.

SCHOOL BOOKS AND SUPPLIES.—School books and all kinds of supplies will be on hand at Conley's store, Louisa, in time for the schools beginning in July.

### Harvesting the Tobacco Crop.

There is no work on the farm that requires more vigilant attention than the harvesting of the tobacco crop, which is mainly done in August. The value of the crop may be almost wholly destroyed by cutting the tobacco plant at the wrong time. It should be fully ripe before it is cut. It is far better to let the heavy shipping sorts stand a little too long in the field than to cut it when it is green. Thoroughly ripe tobacco when cured has a much richer aroma and far more weight than that cut when immature. Tobacco should never be cut immediately after a rain, because much of the gummy accumulations which increase its weight and add to its value are dissolved and washed away by a rainfall. In the space of three or four days this gummy matter will be restored in as great quantity as ever. Tobacco should not be cut while the dew is on the leaves, because when laid upon the ground dirt will adhere to it and damage it. Nor should it be cut when there is a probability that a shower will come on before it can be got in the curing barn. When battered with dirt its value is greatly lessened. It should not be cut on the morning of a very hot day, because it is too sure to be sun-burned before it will be enough to cure most of our minor lines. Their fees are nominal, and they pay big dividends. Ten years ago a war of extermination was waged against the human appendix. To-day it is regarded as a foe, but many surgeons brought against it were unfounded. Let those who may preserve their lives, and let us remember that surgeons do not work for nothing.—(With the Procession.) Everybody's Magazine for August.

FREE TRAVEL LITERATURE.—The Western County Illustrated and Described.

Send for Rock Island folder and free booklets about Colorado, New Mexico, California and the Pacific Coast. They will help you plan a summer vacation trip of surprising interest. Directed in effect on certain dates throughout the summer. You can visit the Rocky Mountains, Yellowstone Park, and Portland Exposition at low cost. Round-trip tickets with long return limit and liberal stop-over privileges. Write to John Sebastian, Passenger Traffic Manager, Rock Island System, Chicago.

Pike County S. S. Association.—Pikeville, July 27.—The most enjoyable occasion recently experienced by the church-going people of this city and vicinity was that of the services conducted last Sunday by Prof. E. A. Fox, of Louisville, General Secretary of the Kentucky State Sunday-School Association, and W. J. Vaughan, of Lawrence county at the M. E. Church, South. All of the Sunday Schools of the city entered heartily Sunday School Association for Pike county. The following were elected officers:

P. D. Bevis—President.  
Hoscoe Vanover—Vice President.  
A. E. Axler—Secretary and Treasurer.  
W. H. McCullough—Home-to-Home Visitation.  
Mrs. Joseph Hopkins—Training Department.  
Miss Annie Stanley—Home Department.

Two meetings were held one at 2 o'clock and the other at 7:30 p. m., both of which were largely attended.

In the evening Prof. Fox gave his illustrated lecture on the Holy Land which was very much enjoyed by an audience that completely filled the church. We always welcome such men as Prof. Fox and Mr. Vaughan to our city.—Ashland Independent.

WAS IN POOR HEALTH FOR YEARS.—Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. For sale by Louisa Drug Co.

RESOLUTIONS OF RESPECT.—Whereas God in His Wisdom saw proper to call from labor to refreshment on the 29th day of June, 1905, our beloved Brother James Carter. Therefore be it resolved.

First. That in the death of Brother Carter Jake Rice Lodge, No. 666, F. & A. M., has lost a worthy brother, and one whose memory we love to cherish on account of his many many virtues, but in obedience to a divine dispensation we humbly bow to the mandate of heaven and say: "Thy will be done."

Second. That the members of this Lodge extend their heartfelt sympathy to the family of the deceased and beg to share in part with them this sad bereavement, thus carrying out the injunction. "Blessed are ye one another burdens and so fulfill the law of Christ."

Third. That their lodges be draped in mourning for thirty days, and that the numbers thereof observe the same.

Fourth. That a copy of these Resolutions be furnished the family of the deceased and the Big Sandy News. W. C. Osborn, R. H. Burton, John Osborn.

Clear Away Noxious Vegetation.—No time is so favorable for clearing the farm of bushes, briars, brambles and other noxious vegetation. Growth is arrested in August, and there is a period of rest for the plants. When at during this season a large majority of them will die before advent of rains in the fall. Beauty on the farm is much enhanced by the destruction of useless and pernicious vegetation.—Southern Farm Magazine.

TAKE KOLOL AFTER EATING.—After a hearty meal a dose of Kolol Dyspepsia Cure will prevent an attack of indigestion. Kolol is a thorough digestant and a guaranteed cure for indigestion, Dyspepsia, Gas on the Stomach, Weak Heart, Sour Stomach, Bad Breath and All Stomach troubles. Sold by Louisa Drug Co.

### Excellent Advice.

How many venereal appendices are there in the world to-day? A few savage and semi-civilized nations retain them, but the supply in lands where the surgeons flourish must be small, for Slasher has been at work all over. Like a sportsman who cries "Save the buffalo!" Mr. Joseph Kidd, M. D. of England, raises and cries "Preserve the appendix!" and tells how it may be done. Chills following over-eating, and imperfect mastication make trouble for the appendix. The grape-seed of horrid memory deserves not half the odium it has received, and too much appetent water and salts are bad for this mysterious organ, just as they are for all the rest of man's internal economy. Don't let the child get you, chew the food thoroughly—gladstone masticated every mouthful forty or four hundred times and make nature do the work before the diaphragm without chemicals and drugs except when a doctor says they are necessary.

We are the great drug-awakening nation. We find our bodies with astringent, fill the intestines with mercury, and let ourselves not merely when it is unnecessary, but when it is positively harmful. Doctor Lages and Doctor Ames properly employed will cure most of our minor ills. Their fees are nominal, and they pay big dividends. Ten years ago a war of extermination was waged against the human appendix. To-day it is regarded as a foe, but many surgeons brought against it were unfounded. Let those who may preserve their lives, and let us remember that surgeons do not work for nothing.—(With the Procession.) Everybody's Magazine for August.

### Teachers' Resolutions.

We, the teachers of Lawrence county in Institute assembled resolve. First, that we commend our County Superintendent, Mr. Hannah M. Larkley, for her selection of the time and place of holding the present Institute. Second, that we heartily endorse the actions of our Superintendent in procuring Prof. John T. Willis as instructor. Third, that we extend our thanks to the citizens of Louisa for the hospitable manner in which they have entertained the teachers of this Institute. Fourth, we extend our thanks to Mr. Hays for the use of the court house during this Institute. Also, that we extend our thanks to the Board of Education of Louisa district for the use of public school building. Fifth, that we thank the visitors who furnish a instrumental music. Sixth, that we thank Hon. O. P. Williams, or his services as chaplain. Seventh, that we disapprove the manner of furnishing books at present, and recommend to our Legislature that the State of Kentucky publish her own books and furnish to the citizens at first cost. Eighth, that we recommend the holding of a union Teachers' Association among the different magisterial districts of Lawrence county, time and place to be fixed by county Superintendent. Ninth, that we as a corps of teachers pledge ourselves to try to promote the standard of morals and education in Lawrence county. Tenth, that we recommend the repeal of the law which prohibits teachers from having credit on their term of school for the time attending Institute. Eleventh, that we recommend the centralizing of Districts for the purpose of establishing graded schools therein. Twelfth, that we commend our Superintendent, Mr. Hannah M. Larkley, for the professional manner in which she has filled the office of County Superintendent. Thirteenth, that we recommend a compulsory school law for children between the ages of 6 and 14 with other provisions, except under the supervision of the county Superintendent. Fourteenth, that we heartily co-operate with the officers of the Lawrence County Sunday Association in their efforts to carry the open Bible in the hands of a living teacher to the 5,000 who are out of Sunday School. Fifteenth, that we denounce the pernicious use of peddling the State board questions. Sixteenth, that these resolutions be published in Big Sandy NEWS. Respectfully submitted, S. Y. Dobbin, Chas. R. Moore, Murray, G. M. Copley.

RED JACKET.—On the night of Monday, July 21, the Death Angel visited the home of Samuel Casey and took from him his beloved wife. Her maiden name was Sarah Mitchell, and she was born in 1852 and was married to Samuel Casey in 1880, leaving two babies to mourn their loss. She was a loving wife and mother, a good neighbor and excellent woman in all respects. But she is gone, leaving an enviable record and the perfume of a life of kindness and goodness. Brother Casey is an Odd Fellow, and because of this Matewan Lodge took part in the burial, which was conducted by Bro. Hattie Brooks. The bereaved husband is a son of Jasper Casey, and was born and reared near Fallsburg, Ky. The many relatives and friends in Old Kentucky will no doubt join the flock, here in our expressions of sympathy and regret. Press-Gleaner

### CATARRH OF STOMACH

Makes Women Weak and Nervous.

Mrs. M. McGough, President of the East Side Ladies' Aid Society, an organization interested in benevolent enterprise and charity work, writes from 219 West 3rd street, New York:

"I gladly add my mite of praise to Peruna for what it has done for me. Two years ago a depressed feeling took hold of me. My back and sides ached continually. My stomach got out of order so that at times it couldn't hold a glass of cold water. I didn't like to eat, afraid that it would make me sick to my stomach."

"I have been using Peruna for the past three months and now I feel as well as I ever did. My stomach is as strong as ever and my nervous troubles have disappeared. I keep recommending Peruna to my friends who are troubled as I was, and have been thanked for doing so."

MRS. M. MCGOUGH.  
Peruna is a specific for catarrh of the stomach. Write for free book of testimonials.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Standard Sanitarium, Columbus, O.

All grades of refined sugar have advanced 10 cents a hundred.

From the bank look of the Cincinnati Post "cartoon" it is evident that Bushnell and Doc are taking a vacation.

Judges in a Chicago baby show awarded a first prize to every contestant. No trouble. This is a pointer for Louisa's next 4th of July celebration.

The Democratic Executive Committee of Franklin county, decided the Taylor-Johnson legislative contest in favor of the contestee. The action was by unanimous vote, and is that the old committee very properly gave the certificate of nomination to Mr. Johnson. The real fight was between Johnson and Blackburn, and the result of the contest is a victory for Judge Paynter.

It is estimated that all told there has been over seven million dollars spent in improving the navigable waters of Kentucky. It is difficult to get at the exact amount, as part of it has been spent on rivers which are partly in other States.

The new report for the past year is now being made and it will show the progress on the work on the different projects throughout the State.

Almar Sato, official spokesman for the Japanese peace mission, said in New York that Japan would ask a moderate indemnity of Russia, and that he believed peace would be successfully negotiated. In discussing the so-called yellow peril, Mr. Sato said Japan would not have the Philippine Islands as a gift, even though a bonus accompanied the gift. He declared that Japan's one idea was to maintain the "open door."

If a man wants to be strictly in it in Kentucky and get all the crumbs, that fall from the party table, he simply has to bolt, or threaten to do so, and come over from the democratic party and go to the republican party of Kentucky. The republican party of Kentucky will break its foot neck in providing a place or nomination for him. And the democratic majority is constantly in the increase in the State by following such senseless and foolish policy.—Grayson Tribune.

A convention attended by delegates from sixty-five of the sixty-six municipalities in Porto Rico met in San Juan for the purpose of memorializing Congress to amend the scheme of government for the island. The chief complaint seems to be that too much power is vested in the Executive Council, members of which are appointed by the President of the United States, and who come to the island ignorant of its customs, of the conditions that prevail and of the needs of the people.

Thomas E. Postles, negro, is the boss of the Wilmington, D.C., City Council, and as a result there is a fury in Republican breasts such as has not been known in years, while Democrats are doing horn-pipes and drinking the health of the mighty Postles.

The anger of the Republicans only causes the new Council boss to roar with laughter. He doesn't care what the Councilmen do. "I got the whip," he says, chuckling. "Those Republicans and Democrats will never work together. I'm the boss of all those white men."

The Hon. William H. Sweeney, formerly Commonwealth's Attorney of the Lebanon district, has been recommended by the Senate of the Port C. M. Barrett, for the position of chief deputy in the local customs office.

Mr. Sweeney will succeed Sidney J. Snook, who has held the office since January 1, 1902.

Mr. Sweeney was a former Democrat and was the anti-Goebel candidate against Rowles for chairman of the Music Hall Convention in 1899. After the convention he came out for W. S. Taylor and the Republican ticket, and acted as attorney for the party during the subsequent contest before the Legislature. The gentlemen alluded to herein is more generally known through out the State is flourishing Bill Sweeney.

Chicago, July 25.—Johann Hloch, sentenced to be hanged to-day for poisoning one of his wives, was this afternoon granted a reprieve until August 25 by Gov. Denen. The stay of execution followed hours of anxiety on the part of Hloch, who had never given up hope, and was allowed by the Governor only after the latter had been assured that the necessary sum of appeal the case had been raised. The amount, \$500, was given by counsel. The attorney declared he was an attorney and friend of Hloch's was actuated purely by humanitarian motives. This is one of the things which render lynching possible. There is not the shadow of a doubt of his friend's guilt. The maudlin sentimentality of a woman induced her to put up \$500 to enable Hloch to take an appeal.

President Roosevelt was formerly received by the Russian and Japanese plenipotentiaries on board the Mayflower on August 5, at 1:30 p. m. The Mayflower will be anchored at the entrance of Oyster Bay. The vessel's draft is so great that it cannot enter the bay itself. The entire crews of the two nations will arrive off Oyster Bay from New York in two cruises, which are now being prepared for the special service in which they have been detailed. They are expected to arrive here from New York about noon on the day of the reception, the Russian plenipotentiaries and their suite on vessel and the Japanese envoys and their suite on the other.

President Roosevelt will be aboard the Mayflower soon after the arrival of the Russian plenipotentiaries. At the hour set for the reception the envoys will be conveyed from their respective vessels to the Mayflower. It is expected that the formal presentation will be made by the Hon. Secretary of State, who will be on board the Mayflower.

of the one mission then will be made to the members of the other. This probably will be the first meeting of the two sets of envoys.

After receiving the plenipotentiaries and exchanging with them official greetings, the President will entertain them at luncheon on the Mayflower. Later in the day, after the President and Secretary Root shall have left the Mayflower and returned to Sagamore Hill, the envoys will depart for Portsmouth, N. H. The trip is to be made by the Japanese envoys on one vessel and the Russian envoys on the other. The vessels will be conveyed to Portsmouth by one and perhaps both of the cruisers which brings the plenipotentiaries from New York to Oyster Bay.

The Cincinnati Post has opened its batteries on the "grifters" of that city. It boldly charges the County Clerk and Sheriff with illegal acts, thereby robbing tax payers of thousands yearly.

Cerlington, Ky., Aug. 1.—Mrs. Lucia E. Albright, nee Miss Brock, who previous to her marriage had been frequently referred to as "Caleb Powers' sweetheart," was used by the United States in the Federal Court, Attorney General Tinsley, in three suits filed against her, alleges that she made a contract to deliver mail over twenty-seven rural delivery routes in the State of Kentucky, fifteen routes in Alabama and twenty-five routes in Mississippi.

The former Miss Brock was a resident of London, Ky., and while there was visited several times by Caleb Powers before the Goebel assassination. She testified at the first trial of Powers to a certain conversation she had with him in regard to bringing troops to Frankfort from the mountains.

The development of Eastern Kentucky resources has reached the most remarkable point yet attempted, and wealth incalculable has been discovered.

Within the past fifteen years more timber, oil and coal lands have been opened and put on the market than the most sanguine had ever hoped for and more are looked forward to in the coming years.

The most paying, as well as the one on the largest scale, is that of the lumber business, and the heavy run in the immense forests of oak, poplar, beech, birch, walnut, and hickory has caused a scarcity of the most available timber and that which brings ready sale at good prices. The scarcity of these timbers has caused a great increase in the price of timber lands, which have in ten years increased from \$2 and \$4 per acre to \$10 to \$25 per acre. In that time there have been at least 100 saw and planing mills built, which employ from twenty to 250 men each and which disperse from \$2,000 to \$5,000 weekly for labor.

Eastern capitalists opened up this territory and have spent \$20,000,000 in buying timber lands and developing them. However, the timber business is on the wane, and it will not be many years until the most of the huge timber and logs will have been all used and the once heavy forests will be as a barren waste.

Among the greatest industries now going on in Eastern Kentucky is the oil and gas business, and thousands of dollars are being daily made in this business alone. This business (the oil and gas) is only one of the recent years, but has been built up to an immense degree. The business is one of unusual activity and has grown to be one of incalculable benefit to the sturdy mountaineers, who have no other resource to make their daily bread.

All along the railroad traversing this section of the State hundreds of ties can be stacked from six to twenty feet high, which go to Eastern or Northern markets. These ties bring an immense revenue to the mountain people and are readily sold from twenty to forty cents apiece. The timber business, however, is growing scarcer all the time, and will, like the lumber business, be a thing of the past in a few years. The failure of these two immense industries, lumber and oil, will cause increased activities in the coal and mineral development, which is as yet, in its infancy in this section.

One great aid to the development of the resources of Eastern Kentucky has been the building of four new railroads, the Ohio and Kentucky, the L. and A. and two branches of the Chesapeake and Ohio. These roads have been the greatest aid to the development of the territory adjoining the lines, what immense wealth lies in their immediate sections. Since these roads were built the development has been so great that one who had not visited the section in ten years would not know it.—Louisville Times.

## OUR NEIGHBORS.

Rhodes H. Murray has been appointed postmaster at Henrietta, Johnson county.

Complimentary to Miss Heloise Thomas, of Louisa, and Miss Maud Anderson, of Portsmouth, a party of the young people gave a basket luncheon at Clyffside yesterday evening and witnessed "Cinders" at the Casino.

Frank Hays, of Johnson county, was sent to the penitentiary in October, 1901, to serve a sentence of ten years, imposed for robbery. He was paroled Wednesday on a statement by the prison physician that he has consumption, and can survive but two weeks.

Owingsville, Ky., Aug. 2.—Fire in the store of Daniels & Frazer last night destroyed most of the stock and \$150 in cash. The fire consumed, valued at \$1,000. The store being destroyed there. Daniels & Frazer's loss is about \$1,200. Hefflin's about \$600.

Frankfort, Ky., Aug. 1.—Mrs. Thompson, wife of Appellate Judge Paynter, was given a kitchen shower at the Capital Hotel here this evening by her friends. Judge Paynter is about to move with his family into their new home on the South Side. For more than ten years they have made their home at the hotel.

May King, Ky., Aug. 1.—Robert Mullins, one of the participants in the recent Mullins-Flemings battle on Long Fork, near Fletcher county border, has been allowed bond in the sum of \$1,000. Sol Fleming is still at large in the mountains of Boone's Fork and is being hunted for by the officers. No further trouble is feared between the warring factions.

John C. Herndon, vice president of the printing firm of Bradley, Gilbert & Co., and one of the most widely known men in Kentucky, died of Bright's disease at 2 o'clock Tuesday at Pope's sanatorium, where he had been under treatment for three weeks.

John C. Herndon was sixty-three years old. His home was at 2156 Park Place. For the past thirty-five years he has been connected with Bradley & Gilbert, having accepted a position as traveling salesman with them, after two years' service in the same capacity with John P. Morton & Co.

The work required that Mr. Herndon travel to all parts of Kentucky and through Southern Indiana, and in this way he gained an enormous acquaintance. On account of his geniality, courtesy and other sterling qualities he was popular with all who knew him.

Mr. Herndon was in Louisa only a few weeks ago. He was then suffering very much, but his wit and courtesy were as engaging as ever.

Our own Taylor Vinson has been launched into the Senatorial equation by the Parkersburg Dispatch. It is really the finest bit of scenery the Dispatch has thus far thrown on the political canvas. It is rather a long distance perspective, but it is full of invitations sweet. To change the "figger," it is a political Valhalla fountain and "often will the traveler turn aside to drink of its pure waters and make among its rocks and pines."

If we mistake not, if the virtues of the Dispatch were all to be assayed accordingly, it would be worth a lot of gold to the town. Taylor is well worth the United States Senatorship, whether he was at White Sulphur when the lights went out or not. He fought long and bravely for his favorites in the convention, which is a deal more than can be said of some boys who went down to Wheeling. All the pros and cons nothing down, here above is pertinent of conventions gets in the way of Northcott for Governor, who came first and will probably go out last, but we see nothing short in wanting them both.—Huntington Herald.

Get The Best.

Painting time is here again and you should let your thoughts turn to United States paint as the best on the market. It is positively the same paint that is sold under the best known brand in the country today, is made by the same people, and comes with the same guarantee. By using the name "United States Paint" instead of the other we save you fifteen cents per gallon.
